AMD Catalyst 11.8 Display Driver per Windows Vista - Win7 (64 bit)

LINK (<https://www.nexthardware.com/download/schede-video/390/amd-catalyst-118-display-driver-per-windows-vista-win7-64-bit.htm>)

Catalyst Software Suite (Driver + Control center)

New Features

- AMD Overdrive has been enhanced to include both CPU and GPU over-clocking controls within the AMD Vision Control Center
- CPU over-clocking is only supported on AMD Black edition CPUs

↔

Performance Highlights

- Improves performance up to 10% in Crysis 2 DirectX 11 version for both non-Anti-Aliasing, and application enabled Anti-Aliasing cases on the AMD Radeon™ HD 6000 and AMD Radeon™ HD 5000 Series
- Improves performance up to 8% in Fear 3 DirectX 11 version with application enabled Anti-Aliasing on the AMD Radeon™ HD 6000 and AMD Radeon™ HD 5000 Series
- Improves performance up to 30% when AMD's Morphological Anti-Aliasing (MLAA) is enabled through the Catalyst™ Control Center on the AMD Radeon™ HD 6000 and AMD Radeon™ HD 5000 Series
- Improves performance up to 20% in Call of Duty Black Operations for single GPU and Multi-GPU configurations on the AMD Radeon™ HD 6000 and AMD Radeon™ HD 5000 Series.
