

Disponibili i Radeon Crimson Edition 16.4.2

LINK (<https://www.nexthardware.com/news/schede-video/7479/disponibili-i-radeon-crimson-edition-1642.htm>)

Pronta per il download una nuova versione HotFix dei driver AMD ottimizzata per Elite Dangerous e Need for Speed.

I driver Radeon Crimson Edition 16.4.2 HotFix introducono anche nuove ottimizzazioni per i recenti titoli Elite Dangerous e Need for Speed (2016).

Risolti definitivamente, almeno così sembra, alcuni fastidiosi bug relativi a The Division, SteamVR performance assessment, Hitman (2016) e Fallout 4 in modalità CrossFire.
